SUPPLEMENTARY INFORMATION: The Pension Benefit Guaranty Corporation (PBGC) administers the pension plan termination insurance program under title IV of the Employee Retirement Income Security Act of 1974 (ERISA). Section 4006(a)(7) of ERISA provides for a "termination premium" (in addition to the flat-rate and variable-rate premiums under sections 4006(a)(3) and (8)) that is payable for 3 years following certain distress and involuntary plan terminations. PBGC's regulations on Premium Rates (29 CFR part 4006) and Payment of Premiums (29 CFR part 4007) implement the termination premium. Sections 4007.3 and 4007.13(b) of the premium payment regulation require the filing of termination premium information and payments with PBGC. PBGC has issued Form T and its corresponding instructions for paying the termination premium. In this renewal, PBGC is updating the email address listed in the filing instructions for Form T and making a clarifying edit.

In general, the termination premium applies where a single-employer plan terminates in a distress termination under section 4041(c) of ERISA (unless contributing sponsors and

controlled group members meet the bankruptcy liquidation requirements of section 4041(c)(2)(B)(i)) or in an involuntary termination under section 4042 of ERISA, and the termination date under section 4048 of ERISA is after 2005.

The termination premium is payable for 3 years. The same amount is payable each year. The termination premium is due on the 30th day of each of 3 consecutive 12-month periods. The first 12-month period generally begins shortly after the termination date or after the conclusion of bankruptcy proceedings in certain cases. The termination premium and related information must be filed by a person liable for the termination premium. The persons liable for the termination premium are contributing sponsors and members of their controlled groups, determined on the day before the plan termination date. Section 4007.10 of the premium payment regulation requires the retention of records supporting or validating the computation of premiums paid and requires that the records be made available to PBGC.

OMB has approved the termination premium collection of information (Form T and instructions) under control number 1212–0064 through April 30, 2023. PBGC intends to request that OMB extend approval of this collection of information for 3 years, with minor changes. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that, during the next 3 years, it will receive an average of 1 filing of Form T per year. PBGC estimates that the total annual burden for the collection of information will be 5 minutes and \$67.

PBGC is soliciting public comments to—

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;

• Enhance the quality, utility, and clarity of the information to be collected; and

• Minimize the burden of the collection of information on those who are to respond,

including through the use of appropriate automated, electronic, mechanical, or other

technological collection techniques or other forms of information technology, e.g.

permitting electronic submission of responses.
